It is very necessary for language learners to learn words when they learn a foreign language. However, they learn words in different ways. Some learners make a list and put into it the meanings of new words in their mother tongue, and try to learn them by heart. Others write one or two example sentences with each new word to remember how to use the word in the right way. In order to remember words better, some learners even write each word and its use on a small piece of paper and stick it somewhere in their house to learn it at any time. To remember important words, some learners underline or highlight only the words they want to learn. Language learners should try different ways of learning words so as to find out the best way for themselves.

There is a question as of why students from famous universities are so smart. The answer lies in their study habits, which should be developed by all students from early ages with help from parents and schools.

First, a habit of frequent reading is what children should have. It is understandable if a child does not like reading in his early life. What parents and teachers should do is to explain the importance of daily reading to children. Simply, parents can encourage their children to bring books in their handbags to read in their leisure time. Teachers can share their book picks with their students.

1. .... Students at top universities are all born smart.
2. .... Students should start to form good study habits go to university.
3. .... Daily reading is a good habit that should be encouraged among children.
4. .... Teachers can share with their students about what books they read.
